

# FCM VS. Viborg

## Panel

From here you can control and alter the information presented. The first drop-menu allows you to select which event will be shown on the map. Underneath you can select which data-set you want to inspect. At the bottom of the page, there is a slider which you can drag to change the time during the matches. Only FCM data is presented. They will always be defending on the left side and attacking to the right.
